AGENDA ITEM NO. 6 – TEAM/ZOOM PRESENTATION BY GARY MIEDEMA REGARDING NATIVE CANADIAN CENTRE (EF)

Councillor EF noted that Gary Miedema contacted herself and Darrin Wybenga. Gary works with Three Sisters Consulting and his request is he would like to collect information from MCFN Members and other MCFN Members who have worked and/or resided in Toronto. He would like to compile a document that can be shared to ensure specific areas could be marked as historical.

Mr. Miedema informed that he is the son of Dutch immigrants. He has worked with Carolyn King and Darrin Wybenga in the past. He stated that he would like to hear from Communities and what they want. He has been working with Three Sisters Consulting on this project to serve Indigenous Communities in other areas and not only in Toronto. Three Sisters Consulting are hired as a Consultant to work on the Indigenous Heritage Engagement Project. He noted that he works for the City of Toronto and is directed by them.

Mr. Miedema stated that Three Sisters Consulting is not addressing land rights. He also stated that he had meetings with the Toronto York Metis Council five years ago. They (Toronto York Metis Council) informed Mr. Miedema that they have places in Toronto that they feel connected to.

Senior Director of Intergovernmental Affairs stated that MCFN First Nation should have been contacted first as we are the Rights Holders. Mr. Miedema answered that Three Sisters Consulting reaches out broadly and according to Regulation 906.

Councillor EF informed that herself and Darrin Wybenga had a discussion with Mr. Miedema. Councillor EF's concern is the Metis history. Mr. Miedema replied that this project has no interest in land concerns with regard to the Metis.

Councillor VKJ asked Mr. Miedema where the funding was coming from. Mr. Miedema answered the City of Toronto. He is a Project Manager in Heritage Planning within the City Planning Division in Toronto.

Councillor AS stated that the Inuit should not be compared with the Metis. She also questioned why Mr. Miedema has not spoken to more people at MCFN. Mr. Miedema answered that he would be happy to engage with MCFN any time.

Hi Chief Sault,

The MCFN Community Trust Chairperson Margaret Sault and I met with the proponents of the Trauma of Money group recently. The Community Trust is interested in providing this valuable presentation for our Community Members and would like to discuss the opportunities with you and perhaps the Council.

One of our thoughts is that we could have the Trauma of Money facilitator in and run a session as part of the monthly Community Information sessions at the Community Centre. The Community Trust would cover the costs for the facilitator for the in-person Community Session. Depending upon the response from the Members, we did discuss with the Trauma of Money group, the option to have further virtual sessions if there is enough interest from the Members,

Please let me know your thoughts and I hope we can provide this to our members.

AGENDA ITEM NO. 12 – FIRST NATIONS WITH SCHOOLS COLLECTIVE – UPDATED INFORMATION AND DIRECTION FROM COUNCIL IS BEING SOUGHT (PB)

Leslie White-Eye highlighted the Briefing Note of the Director of Lifelong Learning regarding the following:

The purpose of this Briefing Note is to seek direction and approval from the Intergovernmental Affairs Council with respect to updated information from the First Nations with Schools Collective Governance Working Group.

The Mandate Document dated November 22, 2024 was a jointly developed document by participating First Nations of First Nations with Schools Collective (FNWSC), including MCFN and reflects the concepts that were agreed upon to be addressed in an education jurisdiction sectoral agreement model template. MCFN agrees with the draft mandate document.

The proposed First Nation Lifelong Learning Education Funding Model outlined in the following document reflects six years of discussions between participating First Nations of the First Nations with Schools Collective (FNWSC). The resulting lifelong learning model is designed to serve diverse First Nations, including remote and isolated communities, large and small, with immersion schools or not, to develop self-determined education systems tailored to the needs of each community.

It's time to renew the One Mind Renewal Agreement. As newly elected leaders join the work at FNSWC, it is important that participating First Nations affirm (via BCR) their continued involvement in the FNSWC and update their named representatives to the Joint Education Technical Table (JETT) having the delegated authority to represent the First Nation during negotiations. The last approval took place two years ago. The expectation is that those named will be regular attendees at working sessions leading to negotiations at the JETT. A draft BCR will be prepared for signature if approved.

Councillor EF questioned Leslie if she has a back-up plan regarding the election. Leslie answered that we will use everything we have to push an action plan on education before the election.
